

BALDNESS UNNECESSARY Says SPECIALIST

Average Man Pays Too Little Attention to the Care of the Hair and Scalp.

Prof. John H. Austin, over 40 years a bacteriologist, hair and scalp specialist, who now is a member of the Chamber of Commerce, says that the average man pays too little attention to the care of his hair and scalp.

Prof. Austin is probably right in saying that about one man in every 100,000 ever thinks about his hair at all, except to comb it two or three times a day. If it falls out he looks anxiously at the falling hair and then promptly forgets it until the next time he uses a comb.

A man will give the utmost attention to his teeth, because he knows that when trouble arises he will have more trouble and probably lose his teeth if he doesn't go to a dentist promptly. But his hair doesn't seem to grow gradually, and when it is nearly gone, and the roots are about to disappear, tries a down and out position, and then reduces himself to baldness.

Prof. Austin says the use of dangerous curling-circus and hair tonics is like taking medicine without knowing what you are trying to cure. The particular trouble with which your scalp is afflicted must be known before it can be intelligently treated.

DODSON SOUNDS CALOMEL'S DOOM

The "Liver Tonic" Men Warn Folks Against Smoking, Salving Drug.

Until Calomel makes you sick, it's terrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is Mercury. When it comes into contact with your skin, it creeps into it, breaking it up. This is where you feel the aching and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic tonight.

With my guarantee—go to any drug store and get a bottle of Dodson's Liver Tonic for ten cents. Take a spoonful and if it doesn't strengthen you right up and make you feel lim and vigorous, go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it can't salivate or make you sick—(Advertisement)

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment is a Bright Purge. With Calotab, the Purified and Refined Calomel Tablets That are Non-irritant, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made really active. That is why the first step in the treatment of the new, non-irritant calomel tablet called Calotab, which are free from the stickiness and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the best medicines in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no auras, nor the slightest interference with your eating, sleeping or work. Next morning you feel good again, your liver is active, your system purified, and you are feeling fine, with a hearty appetite for breakfast. Doctors sell Calotab only in original sealed packages, price, thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Advertisement)

WATKINS DENIES HE WILL QUIT CONTEST.

BY A. F. DAY WHEAT

CINCINNATI, Sept. 27.—The Rev. Aaron S. Watkins, Prohibition candidate for President, denies the report that offers had been made by the Prohibition party to the Republican and Democratic Presidential nominees of his withdrawal, if either Gov. Cox or Senator Harding would announce they would enforce the act not soon to weaken the Volstead Act.

"I am going to run for President," he said, "regardless of the stand of Republicans or Democrats."

Senator Tells Hearers Policy for Sound Business.

Plans Rehabilitation of American Industry.

solenly engages that this shall not come to pass."

Democratic negligence of domestic problems, the Senator said, had left industry, commerce, labor and finance to the political drift and fit of war conditions as best it could. He referred to the Republican proposal in the Senate in 1918 to create a joint Congressional committee to investigate under provisions of the new merchant marine act.

"Encountering favorable reconstruction in Congress from members of both parties, the proposal was strong and ominous in the President's blunt disfavor of any form of congressional advice or suggestion as to after-war policies. The result was

the signing of the armistice ushered in a veritable condition of save who can in our economic life."

FORBIDDEN MEASURES.

Proper forehand measures, said the candidate, might have facilitated the return of service men to their former occupations, relieved the machinery; relieved the menace of the housing shortage; eased the process of returning from price control to stable free markets and established sound principles of post-war financing.

Senator Harding also departed from his prepared manuscript in his reference to President Wilson's failure to live up to his responsibilities. The Senator had said that the President had been "a good man" but that he was all too prevalent.

He was addressing the Sovereign Grand Lodge, Independent Order of Odd Fellows, in a formal welcome to the occasion of the opening of their annual convention.

"There is nothing that this nation needs today as the cultivation of charitable and patriotic spirit. We have done well in cooperation with our neighbors," the Governor said. "These are the bane alike of public life and private business. We need to submit all our programs in a patriotic public life the spirit of holy charity."

He addressed a special greeting to Canadian members of the order, in whose honor the convention had been held. "The Massachusetts Marine Act of 1918, proposed under Republican leadership and passed by Republican Congress can be fairly declared as one of the most important laws enacted in our history,"

Chase said.

TO STIMULATE CONSTRUCTION.

Three and Half Billions of Work Held Up.

Many Organizations Confer at Chicago Meeting.

Will Name Committees to Rush Spring Building.

BY ARTHUR M. EVANS.

CHICAGO, Sept. 27.—With more than \$2,500,000,000 worth of building held up throughout the country, the National Building and Construction Congress today set in motion machinery for a scientific survey of the entire industry. Its members are together.

Its aim is to bring together under one tent every element concerned in building, from the architect to the hodcarrier, and get all these workers in harmony.

A steering committee of six was picked to start things moving through local groups and the committee had fixed June 1, 1921 as a meeting time for a conference when M. Craig, secretary of the Building Employers' Association of Chicago, suddenly called them up. It was just before adjournment that John J. O'Farrell, who had been an attentive ear at the afternoon's discourse, stepped in.

"WHY THE DELAY?"

"Why delay eight months?" said Mr. Craig. "June is a long way off. Meanwhile, the people need more houses. Let's start something on the jump. Let's stimulate building before the winter comes. Let's all know what's the matter; the factors have been thoroughly discussed."

"I've been telling the contractors that now is the time to build. Hoping it will be you who come along as lower than a year ago, and right now, with things slowing down, the builders

can get the best of men, the pick of the workers.

The National Board of Awards is now conducting an international competition which will furnish a show of structures being tried up by such disputes. We ought to tell the public this and start something that will move public opinion. We ought to have a meeting in January instead of in June, to stimulate building in the spring."

TO FORM COMMITTEES

The steering committee tonight decided to follow Craig's suggestion. The committee are to be formed in such committee to make a full study of conditions. On the steering body are H. C. Knowles, of the engineers; Thomas R. Preston, of the building trades; Wharton C. Clegg, of the insurance; Louis E. Constance, of the subcontractors; Robert D. Kohn, of the architects; and Gen. R. C. Marshall, of the general contractors. The object is not much in resolutions adopted by the meeting is:

To bring together in co-operation every element contributing toward the concern in the building industry, to stimulate and promote the quality and extent of the services rendered for the public good by the industry, and to develop an understanding of the interdependence within the building industry so that each part of the industry will work with every other part for the benefit of the nation.

"It remains," said Robert D. Kohn of New York, who served as chairman, "a fundamental study of the industry as a whole—it will give the committee an opportunity to have it develop the second largest industry as an entity."

BODIES REPRESENTED.

Among organizations represented were the building trades department of the National Federation of

Contractors of America, the National Building Trade Employers, the American Institute of Architects, the Building Council and the material interests.

Gen. Marshall, manager of the Associated General Contractors, in referring to labor conditions, said:

"The right of contract, the right of an employer monopoly, of the conditions of labor under the non-union shop, the closed shop, or any other shop, is to be the main question after arbitration according to circumstances, give the power to one or the other."

IT is the traders' intent of the building industry will not give the right of contract, the construction

employees will not only recognize, but will also come to adopt collective bargaining through the means of arbitration, or through the means of handling labor questions.

But if labor will not recognize the right, or if it insists on accompanying the recognition of the right with a right to arbitration, or if the right of free contract, there is only one result possible—endless warfare.

Car and cement shortages were given as reasons for retarded building by the National Federation of Rail Lumber Associations at a conference at the Congress Hotel to consider transportation improvements.

Judge Albert Lee Stephens, who was given the largest vote of all the candidates for Superior Judge at the August primary, yesterday issued the following:

"I have today received the official result of the primaries which showed I had an overwhelming a most gratifying vote and as having received the nomination to succeed myself as Judge of the Superior Court.

"A great deal on the bench can do very little in the nature of campaigning; but since judges are

"To the press both in and outside of the city of Los Angeles I owe much for the result of the primary; and to the friends of the friends who never missed an opportunity to pass a good word for me I also owe the greatest gratitude.

"I now ask with full assurance of reward the same fair treatment from the press and the public, an selfish and untiring efforts of my friends during the final days of the campaign."

TOWEL WITH CHLOROFORM BRINGS END.

Police Not Notified When Body of Woman is Located; No Suicide Note Found.

The body of Mrs. Frederick Eich, 41 years of age, wife of a construction engineer, at present in Texas was found dead with a chloroform-saturated towel around her head, in her apartment at 1021 Ingraham street last night. The coroner was unable to determine whether the woman committed suicide and the body was removed to the Utter Rippa undertaking parlor. The police declare they were not notified of the woman's death, and that no detective investigation was made.

According to the undertakers, Mrs. Eich's husband is working for an oil company at Breckinridge, Tex. Her daughter is in New York. Mrs. Eich had been living alone at the apartment. Yesterday morning she went on a shopping trip downtown and returned shortly before 11 o'clock.

Her body was found at 4 o'clock yesterday evening by Mrs. Margaret Eggleton, the proprietress of the room where she was staying. The undertakers were told that Mrs. Eich had been suffering from ill health for some time and that this fact was the reason for her coming to this city. The coroner's report was written by Mrs. Eich indicating that she contemplated suicide.

THE body of Mrs. John C. Johnson, 31, of the League of Nationalists, was found in the early morning hours of this morning.

BY VIRGINIA WOODS.

By Mrs. Crutcher.

Mrs. Albert Crutcher, of 1357 West Adams street was yesterday hostess at a tea arranged in honor of Mrs. W. B. Mathews, who has just moved into that neighborhood—on Menlo avenue.

Her house was elaborately adorned with dahlias and asters. There were seventy-five guests.

Assisting Mrs. Crutcher were Mrs. Willoughby Rodman, F. S. Salisbury, George P. Griffith, H. Bohon, M. G. East, E. Howley, Herman Koenigknecht and Carl Adams.

Here from New York.

Mrs. James P. Kelley of Louisville and New York who has been visiting in the East and touring Canada, arrived from New York yesterday. He is the son of Mr. and Mrs. Howard Grace on Kenmore avenue.

For Miss Taylor.

Miss Ruth Taylor, who is to be married next month, is to be honored at a large luncheon that Miss Mildred Bullock is to give next Saturday.

Buffet Supper.

Mr. and Mrs. Leonard Haynes were hosts at a jolly buffet supper party Sunday evening, having fourteen guests.

Back from Del Monte.

Mr. and Mrs. Godfrey Holterhoff and Mrs. Charles H. Sharp returned Sunday evening from Del Monte and San Francisco, where they spent over three weeks.

Mr. Holterhoff was in Santa Barbara and they all motored back together. The Holteroffs spent the summer at Coronado and Mrs. Sharp was at her summer house at Santa Monica.

Col and Mrs. Denis.

Col and Mrs. George J. Denis entertained a large company at luncheon at the California Club in compliment to Judge and Mrs. Sidney Ballou of Washington, D. C. Plates were set for ten at a table, hand-colored and decorated with colored paper, pom-poms, boddels, and misty staties held in a French basket and tied with a huge bow of mauve tulle.

Spanish Queen.

Los Angeles friends of Mrs. Thomas as Johnston Grier (Sally Havens) of San Francisco are learning with interest that she has been induced to take the part of the Spanish Queen in the "Spanish Queen" pageant to be given for the benefit of the Baby Hospital Association of the Oakland Auditorium on the evenings of September 26, 27, 28, 29, 30, 31, and October 1.

CHARLES BENNETT (Prince) Sept. 27.—
Another competitor for the James
McClain aviation cup race
was poor tonight. It
was all afternoon and a further
one predicted for tomorrow.

The first fly will start at 7
in the morning.

Capt. E. W. Schroeder has his
plane, a biplane, all plane out to
the motor.

He is still the favorite to win, the
Frenchman showing more re-
sistance.

British dark horse entry in
the James Bennett cup race, Ray-
mond, made 185 miles an hour this
afternoon. The Frenchman
is still the favorite to win.

With the return Saturday of
Charles McClain, fullback on the
1919 squad, Coach Eugene W. Nixon's
Fomona College eleven is practically
complete. For a time it
looked as if McClain would be num-
bered among the missing, and his
return to the fold greatly strengthens
the French and White squad. He
is a stocky 170-pounder, who hits
the line like a battering ram. His
strong point is his excellent de-
fensive work.

For the past two or three nights
Nixon has had his squads train-
ing up and down the line. The eleven
has been picked as yet, but the
varsity is beginning to shape up.

Capt. Edward Covington is
a good player, and the Indians
have a fine line.

How to Qualify for the Big International Races.

DET. A. P. NIGHT WIRE: SAN FRANCISCO, Sept. 27.—President William H. McCarthy of the Pacific Coast Baseball League announced today that the directors would hold a special meeting here Thursday to consider the case of William Rumler, the Salt Lake outfielder who was suspended by McCarthy in connection with recent gambling charges.

McCarthy said that any leniency in the case of the Salt Lake outfielder "would mean my resignation."

Rumler was accused by McCarthy of betting on the outcome of the pennant race last season with Babe Borton, a player on the Vernon club. He was advised later that the league rules provided for a definite period in the event of suspensions, ruled that Rumler could not play in the league for five years. The Salt Lake club officials were said to have objected to this and to have brought about the meeting on Thursday.

BIRMINGHAM (Ala.) Sept. 27.—The Birmingham Chamber of Commerce today on the site of the seven balloons in the elimination race which Saturday, indicated that H. Honeywell, Lieut. Rich Thompson, with army balloons, and Lieut. Raynor E. Smith, pilot, would enter with United International champions to represent the United States in international races to start Birmingham, October 22.

The balloons were to be delivered by Lieut. Thompson and his side, Lieut. H. E. Smith, but it is believed that they will be air.

The balloons landed at Grayson, without his basket, making landing on account of approaching storm.

Lieut. Thompson, whose name was not reported, qualified for the international, the third place in the list others probable will be taken by Lieut. Smith, who landed at West.

Smith landed third in point of time, but his position on the list was already assured by the competition. He landed at 0.

Grow Your Hair FREE RECIPE

After being almost totally bald a New York business man grew hair—and now has a prolific growth at age of 60—for which he is grateful. He has written to me in response to my request for a new crop of hair. By sending me a small sample of his hair, with a copy of his recipe if you send 10 cents, I will send him a copy of my hair-growing book.

Every Drop of Your Blood Should Be Absolutely Pure

You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can readily see that any impurity in the blood will cause serious complications.

Any slight disorder or impurity is a source of danger, as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are rheumatism, with its torturing pain, eczema, tetter,

HIGH SCHOOL HAPPENINGS.

BY KENNETH TAYLOR.

Efficiency at Covina.

By successfully enrolling all students before the new term started, and by a rearranged schedule of classes, the Covina Union High School managed to get away with a flying start this term. According to Ben S. Millikan, principal of the school, there were not five minutes of wasted time. When the doors opened on the morning of Sept. 12 for the new term, the students went directly to their classes just as though school had been in session for a week or more. The Los Angeles city high schools require at least a week to complete enrollment.

To Return Home.

After a six years residence in Los Angeles, the three Hsu brothers, sons of the Chinese teacher of Lincoln High School, returned to their parents in Yenan-Yaung, Burma. Their father has large oil and mining interests in Southern Asia, and a healthy and prosperous citizen of Yenan-Yaung. The brothers were sent to America six years ago to secure the best possible training and education. They made good records in scholastic and athletics.

Tom Skehill Speaks.

Tom Skehill, Australian soldier-poet, who lost his eyesight in the war, but later recovered it through the American specialist, Dr. Riley Moore, spoke to the student body of the Los Angeles High School Wednesday on "Soldier Poets of the War." He read short poems by a number of poets of what he termed the "new Elizabethan era."

Seniors Frolic.

The senior A's of Manual Arts High School played the parts of little children a week ago, and went on a picnic to Little Griffith Park. Games of tag, tug-of-war, relay races, contests, and wienie bakes were the order of the day.

Community Theater.

Lincoln Heights is to have a community theater in the basement auditorium of the Lincoln Height Library. Four programs a year will be presented, entirely by home talent, as far as possible, from the acting to the writing of the plays.

Paper Expands.

The Blue and White, the Los Angeles High School weekly, appeared in a six-page edition Friday. The usual four pages plus not large enough to accommodate all the business brought in by Hartley Devilish, advertising manager.

Looking for a Home.

C. W. Culpepper, a Los Angeles business man employing a special method to locate a house. He offers a \$10 reward to the Lincoln High School student who can find him a suitable home.

New Classes at Manual.

Among the new classes organized at Manual Arts Evening High School are one in "Modern Books," and another called a "Supper class" for those who care to come before the regular classes start and cook their own dinners.

From Club Elects.

The Future Club of Jefferson High School elected its officers for coming year. Filmore Shepherd, president; Josephine Stott, vice-president, and Ruth Murray, secretary-treasurer.

Printshop Starts.

The newly established print shop at Los Angeles High School, equipped with a job and rotary press, turned its first job last week when a batch of season football tickets was printed.

Satisfied with Leader.

The Girl's Self-Government Committee of Lincoln High School re-elected Mrs. Anna E. Jackson, president of that organization, after a successful term in that office last year.

She Gets the Mice.

The Los Angeles High School has an official "mouse killer" in the person of Nellie Van Dorn, who came to her position when she disposed of a mouse which invaded one of the girl's classrooms last week.

Teacher Introduces Cox.

Miss Lilo Galpin of the history department of Los Angeles High School introduced Gov. Cox to the Southern California women at the recent meeting in the Philharmonic Auditorium.

Building Auditorium.

Plans for the auditorium-gymnasium which is being built at Jefferson High School call for a seating capacity of twelve hundred.

Hold Penny Dance.

Manual Arts High School plans to hold a penny dance Thursday.

REJECTS TWO OFFERS.

Attorney's Wife Sticks to First Sum
Asked as Alimony.

C. F. Holland, an attorney, who

some time ago successfully defended the divorce suit brought against him by Louise Holland, in which a woman attorney's name was mentioned, made Mrs. Holland an offer before Judge Jackson's court yesterday in the suit he later brought for divorce.

He said he would give her \$250 a month, but Mrs. Holland declined the offer. She demanded \$350 a month for the support of herself and two children.

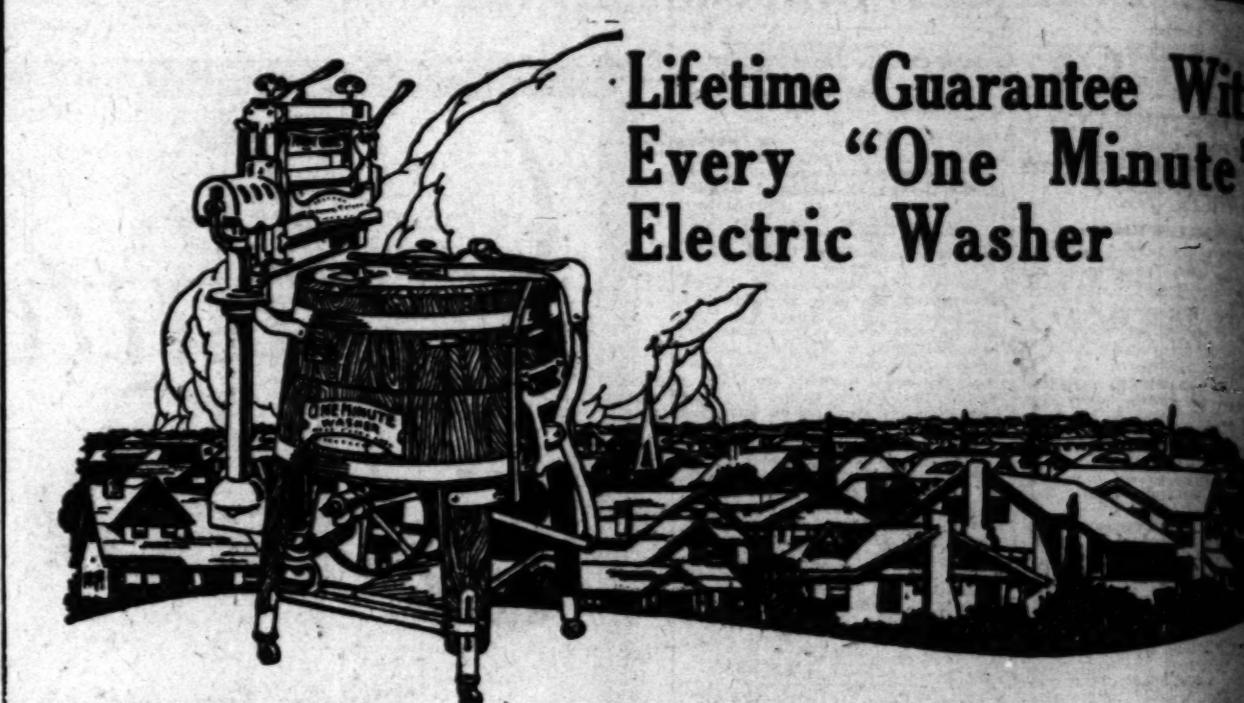

Judge Jackson continued the case until this morning, when the alimony will be fixed, pending the trial of Mr. Holland's suit.

HEAVY FEDERAL FINES.

Court Term at San Diego Results in
Many Convictions.

During the two weeks spent by U. S. District Judge Trippet holding court in San Diego, there was a total of \$11,155 imposed in fines.

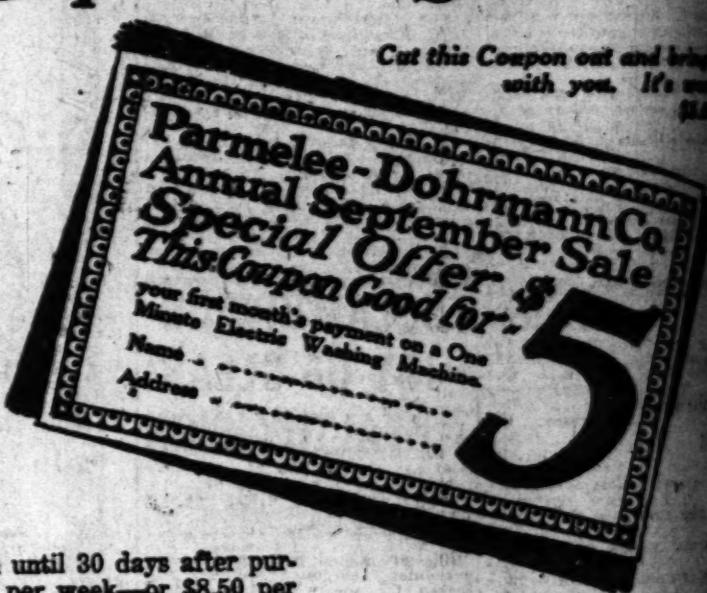

There were thirty-three pleas of guilty, five verdicts of guilty, one of not guilty, and three cases in which the juries disagreed. In three cases sentences were not imposed. There were four jail sentences and one three-year term to McNeil's Island meted out. The number of criminal cases was the largest ever brought to the attention of the Federal Court at one session. The office of the District Attorney was represented by Deputies Green and Crane.

Better Than a Choice First Mortgage

From time immemorial, choice first mortgages on income-producing land have been the most favored form of investment.

Guaranteed First Mortgage Certificates are even better than such mortgages. They represent an interest in a group of carefully selected first mortgages, the payment of which, both principal and interest, is absolutely guaranteed by the Mortgage Guarantee Company.

The value of such a guarantee is evident when it is considered that back of it lie resources of more than \$15,000,000.

Guaranteed First Mortgage Certificates are issued in multiples of \$100-up to \$200,000.

Under State Supervision.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE)

NEW YORK, Sept. 27.—Business on the stock exchange today began with every indication of an extension of last Saturday's rally, but the market reversed its course within the first hour, closing with a heavy to weak tone.

Various reasons were assigned to explain the fluctuation, one of these was the unsettled condition brought about by the new era of commodity price reductions. Fresh commodity disturbances in Massachusetts also exerted an adverse influence over the market.

Heaviness of steel, equipments, motors, coppers and allied share gave further conviction that material prices were to be contested in those lines of industry. Current declines in leathers, chemicals and foodstuffs again accompanied

rumors of further downward revision of dividend disbursements.

Ratio continued their irregular trend, some of the cheaper or reorganized roads showing substantial improvements on active dealing, but the movement as a whole was mainly of speculative origin. Sales amounted to 75,000 shares.

The only change in the money market was the diminished inquiry for commercial loans. In foreign exchange a moderate recovery.

Scandinavian rates was the sole feature over the market.

Bonds were reactionary. Liberty issues canceling much of last week's recovery. Foreign issues notably United Kingdoms of 1927, were firm to strong. Total sales, par value, on call, of United States bonds were unchanged.

After a careful analysis, Mr. G. F. Denton, a well known mining man, Miller said he was yet doubtful about that he will come.

The most important point is that the name of the man who will bear responsibility for that Denton was forced to write his name as a probable name.

"There is no record of the name and presented by the check.

The question now arises, "Is there any record of the name?"

There are no exact details in Denton's writing on documents they possess. Va

What did Denton use as a name? Variations are due to many causes—name, address, telephone number of the writer.

ANTI-JAP FILM HAS HARD LUCK.

Strike Delays Cinema Drama Meant for Campaign.

Now Lawsuit Blocks Release Showing Asiatic Peril.

Propaganda Movement Afoot to Prevent Showing.

"Shadows of The West," in cinema feature, designed by its producers to "reveal startling conditions with regard to the Japanese invasion of California," is having a hard time making its way to the silver-sheet. The owners intended to exhibit the picture next week and give it a full month's run in California cities before balloting occurs on the anti-alien land-owning measure on November 2.

The first trouble which beset the producers was a strike on the part of thirty-one Chinese and Koreans engaged in the picture. It was the strikers who were activated by influences hostile to the completion of the picture. This storm was worsened by the producers. Several days ago T. F. Brooker instituted a suit against the Cinema Craft, Inc., charging that he was about to be defrauded of \$100,000 by the picture's owners.

W. H. Sanders, one of the leading men of his race here, declared that he was to direct tests to see if 500 negroes who will come here from Southern States and take up truck gardening in case the Japanese denied the privilege of further colonization here. Mr. Sanders is president of the family and headed by graduates of Tuskegee Institute and are capable gardeners.

Mr. Sanders delivered an address before the council at the Hamilton Methodist Church yesterday morning.

Following the parade of negroes Saturday, W. H. Sanders, who was a member of the council, set out a silvered tray, expressing his appreciation of his people for the interests shown and the co-operation extended by Mayor Snyder, the Chamber of Commerce, Police Lieutenant, Hill General Manager of the Los Angeles Railroad, the Moreland Truck Company, Pioneer Truck Company, General Motor Company, Harry T. Cline, Cline, Cline, Supervisor Bean, Los Angeles Riding Academy, George Lyons, and many others who contributed to the success of the picture.

Dr. Carl Patton, pastor of the White Cross Church, Los Angeles, will bring the matter to the attention of the Congregational Pastors' Union, at its meeting next Monday, and ask that the organization go on record as opposing exhibition of the picture.

Dr. Patton says he has little or no sympathy with the anti-Japanese movement, and that his views are shared by a number of other clergymen and church-going people in Los Angeles. He believes the Congregational Pastors' Association will recommend that the picture be not shown in Los Angeles.

NOVEL ENTRANCE TO ENLARGED CITRIN'S.

OPENING OF BROADWAY STORE SHOWS MANY ARTISTIC FINISHING IDEAS.

By Olive Gray.

The opening of Citrin's enlarged store at 518-523 West Seventh street yesterday presents a novel entrance and exhibition plan.

"The Style Promenade," as Mr. Citrin is pleased to name the novel entrance, partially within the entrance and partially within the store, is different from anything heretofore presented in the city. It is the extreme. Within this case it is the plan to feature, daily, new arrivals representative of the mode in a style promenade upon waxen manikins. The Broadway entrance also is unusual, featuring broad entrances divided by the plate-glass promenade and further enhanced by an exterior arcade for exhibition purposes. The broad promenades are lined by show windows elegant in fittings and in Spanish.

The lower floor, given over to blouses, sweaters and millinery, also is uncommon. The woodwork, in case, other than the Spanish, is old ivory combined with pink rhinestones. The mezzanine, devoted to millinery, is given over to blouses, gowns and hats.

The second floor, given over to dresses, is the most artistic in the store.

An attractive feature of the second floor is the woodwork, of which is in dark mahogany, in wall paneling of pastel blue satin brocade, which, together with the case drapes of plainly laid-on crepe-covered lace, add to the daintiness of the ensemble.

The third floor is treated with cane panel insets in a distinctive manner. The four floor, richly finished in mahogany, is devoted to alterations and novelties. The newly remodeled establishment comprises about 17,600 square feet.

NEGROES WOULD DISPLACE JAPS.

Race Council Here Told Many in South Will Come.

Eager for Truck Gardens if Asiatics Are Barred.

Expert Farmers of Tuskegee Institute in List.

At the meeting of the Industrial and Commercial Council of People of African Descent yesterday it was declared by various operators that the black race is fitting itself to take the place of the Japanese in Southern California. Council meetings are being held by the blacks in every important city of the United States this week to stimulate industrial and commercial progress.

W. H. Sanders, one of the leading men of his race here, declared that he was to direct tests to see if 500 negroes who will come here from Southern States and take up truck gardening in case the Japanese denied the privilege of further colonization here.
